ree Tossed Into Subway, Milled. A big crowd watched a B. R. T. wrecking crew, with block and fall, hoist a dead horse from the new subway excavation at Flatbush and Fifth Avenues, Brooklyn, early to-day. A Flatbush Avenue trolley car hit a wagon of the Kings County Delivery Company and knocked the horse into the excavation, which is sixty-five feet deep. The

#### MANUFACTURERS URGE STRIKERS TO BOSS UNIONS

Appeal to 25,000 to Compel the Adoption of a Safe and Sane Policy.

The Manufacturers' Association of the cloak and skirt industry made public a statement to-day urging the 25,000 strikers to be their own bosses and "compel your union to adopt a safe and sane policy." The statement was printed in Yiddish, Italian and English, and was mailed to every striking employee.

"It is their (the union officials') ambition to boss the employers just as they been you," the statement reads in part. "It is to their advantage to create trouble between the employer and employes. They don't want work. They don't let the manufacturer work. They don't let you work. But health in a very bad state. My Kidneys they do want the man who works in were not doing their work and I was all the shop to pay his dues and fines

### AND THROWN TO TRACK

Initial "M" on Belt and Oriental Characters in Book Only Clues to Man's Identity.

(Special to The Evening World.)
DANBURY, Conn., May 23.—The body of a man about thirty-five years old, believed to have been strangled to death and later flung from an automobile, was found beside the Central New England Rallroad tracks at Storm's Corners, eight miles from this city, early this morning. Finger prints on the throat and a leather beit found fastened about the neck strengthen the choking theory, while automobile tracks on a bridge nearby carry out the belief that he was tossed from a motor car.

The man evidently was a foreigner.

The initial "M" on a belt and a small book containing Oriental characters found in one of the pockets are the only clues the police have to work upon.

#### I'll Do It-

The ability—to do things worth while is almost always limited to the fortunate combination of a well-balanced mind and body.

Food-right food, and right living play an indispensable part in the program.

Unfortunately the usual dietary consists of too many heavy, indigestible foods, often lacking the mineral elements, phosphate of potash, etc., which are absolutely essential for physical well-being.

# Grape-Nuts

is a food especially designed to correct these faults of the modern dietary. Made of whole wheat and barley, it contains all the nutriment of these grains, including the mineral salts stored by Nature in these cereals. Grape-Nuts combines readily with other food, and is a wonderful help in restoring and maintaining healthy balance of body, brain and nerves.

Thousands have found the "Road to Wellville" by cutting out improper foods and using Grape-Nuts as a daily ration. Ready to eat, nourishing, appetizing, economical.
